## Lotus Domino 7 System Administration Operating Fundamentals

This course introduces students to basic concepts that provide the foundation for Lotus Domino and Lotus Notes. This course is the point of entry to the entire core system administration curriculum. This course does not teach students how to install, configure, maintain and troubleshoot a Lotus Domino 7 infrastructure.

### Course Contents

- Lotus Domino and Lotus Notes architecture
- Security mechanisms
- Mail Routing in Lotus Domino
- Replication
- Lotus Domino and Lotus Notes beyond the single server

### Target Group

The target audience for this course is system administrators new to Lotus Domino who need to acquire a foundational knowledge and working experience with the Lotus Domino 7 administration tools.

### Knowledge Prerequisites

The prerequisites for this course include previous experience as a network administrator or mail system administrator, and experience using the Lotus Notes 7 Client.

### Reservation and Registration

We will be glad to make a free and non-binding course reservation for you for the duration of two weeks. On [www.experteach-benelux.com](http://www.experteach-benelux.com) under *Registration*, you can conveniently make course reservations, registrations, and hotel reservations. Alternatively, call us under +31 (0)76 52 32 950.

For closed groups of participants, we can modify the course contents according to your requirements. Do not hesitate to contact us!
